Dear Y4 Parents,

Y4 will be attending yet another fully funded personal development opportunity. The class have been invited to attend a WOOFYT music workshop. The WOOFYT stands for Wooden One Octave Organ for young technologists and brings together music, science, technology and engineering. During the workshop children will discover how to create and control air flow and pressure and find out how pumps and valves work. The WOOFYT brings all of these things together in a visual and audible way and is a great combination of both Music and Science.

Children will only be out for a short time, within the school day and will travel by coach (also funded by school). Children should wear school uniform and come with a coat/ waterproof as they will have a short walk to and from the coach.

WOOFYT MUSIC WORKSHOP

Date: 13th of March 2024

Time: 9.30-10.45am

Address: St. Francis of Assisi Church

Kind regards,

Angela Hughes
Headteacher
