

GEORGE STREET NEWSLETTER

Thursday 25th September 2025

Dear Parents,

As we settle back into our routine, we are able to get started with some new initiatives that we hope will continue to make our school great.

Please look out for specific opportunities for you, as parents and carers, to get more involved. As always, if you have ideas or suggestions that you think are worth us considering, then please let me know.

Angela Hughes
(Headteacher)

ADOPT A SCHOOL – EVERYONE ACTIVE

Following a discussion with our local Everyone Active leisure centre they have offered to 'ADOPT' us for this autumn term. Scan the QR code from the big sign outside school on the perimeter fencing or the stand outside the school office to claim your two consecutive weeks. You as adults can claim 2 free weeks of gym membership (each adult in the house), the children under 11 can have 2 free weeks of swimming and over 11s also can have a gym/swim membership, so the whole family can be fit, healthy and entertained. You can sign up whenever you want and activate the deal when you are ready. I hope this helps out as many of our families as possible.

RECEPTION RWI PHONICS INFORMATION EVENING

Thanks to the many parents that were able to attend the information evening last night. We hope these events help give you a bit of an insight on how we teach your child to read. Mrs Achilleos will send out the powerpoint and links to the videos for anyone who was unable to attend: hopefully this will give you a bit of snap shot on what was discussed last night.

VACANCIES

We are looking for a **midday supervisor**, five lunch times a week, to join our strong team. As a safer recruiting school, you will undergo a social media check and of course a DBS. You will be caring and kind and understand the importance of your role when it comes to supervising our children. If you think this is you, then please enquire at the front office.

We are also looking for a **Learning Support Assistant** to join our specialist team, working across a number of children with specific learning difficulties. Experience would be preferred however, someone who is patient and caring will be the most important characteristics along with someone who can take instruction on how children with specific needs learn. Please enquire at the front desk if you are interested and have further questions.

PARENT REPRESENTATIVES

This year I would like to offer a chance for one parent from each class to come and meet with me to talk about what's going on in your child's school and for you to have a forum to discuss school wide matters. This initiative will be in addition to our well established and successful lines of communication already in place.

As a class representative you will need to be able to commit to 3 meetings of no longer than 1 hour within a normal school day. The meetings will be held on, 20th Nov 2025 9am, 5th February 2026 2.15pm and 7th May 2026 9am

If you would like to put yourself forward, please drop an email to the office by Friday 3rd October to let me know. If more than one rep comes forward for any class then I will put it to a parent class vote.

Parent Representatives:

- **Willingness to Participate:** Select parents who are ready to commit time and energy to the role.
- **Strong Communication Skills:** Look for friendly, persuasive individuals who can connect with other parents and represent their views effectively.
- **Objectivity:** The best representatives are able to focus on the collective view of parents and represent the community's broader interests.

BELIEVING IN EVERY CHILD – Pupil & Value of the week

Pupil of the week

W/C – 19th September 25 – Isla, Olivier, Connie, Sophie, Riga, Alma

W/C – 12th September 25 – Kobie, Leon, charis, Bella, Harper, Daniel N
