

GEORGE STREET NEWSLETTER

Thursday 15th January 2026

Dear Parents,

Happy New Year. In true George Street style, we are off to a flying start. The children have come back raring to go and there is much to look forward to in this short term. Have a look at what we have been up to already.

Angela Hughes

RECEPTION PLACES SEP 2026

The deadline to apply for a Reception place to start in September 2026 is today!

RECEPTION MASTERY MATHS PARENT WORKSHOP

We held an opening workshop to our Mastering Number at Home programme for Reception parents this week. Parents were given a short introduction to Mastery Maths and why we teach Maths in this way. They were then given the opportunity to work with the children to retrieve and practise some of the key learning that they have been working on at school. They played some fun and exciting activities together with a particular focus on subitising, part-part-whole and composition of number. Thank you to all those that attended and engaged in the session.

GEORGE STREET SHOUT OUT – MIX 96

Hopefully you heard our shout out as 'school of the day'...I say we should be school of the year but hey, I am biased!

BINS ON GEORGE STREET

Our caretaker spoke with an Environmental health officer about the bins outside the flats on George Street. Letters have been sent to the residents and if they are not removed from the street, we understand the council will move them. We are sorry this is an inconvenience and unhygienic but we are doing what we can to solve this issue.

ROMAN DAY YEAR 4 and YEAR 5

Yesterday. We came into school dressed as Romans. We met someone called the Prefect – he was quite bossy! We got to do jobs like potters and craft people. We also got to be soldiers and it was quite funny when Leo (the Centurion) bossed everyone about!

Then, after lunch, we got to be archaeologists. We dug up things like coins, pottery and shells. It was so much fun!

After that, we had to label everything to make our own museum to display all of the things we had found.

ONLINE UPDATE 764 CULT

Group '764' targets minors to extort them into creating child sexual abuse material, self-harming, and other nefarious activities. In reading about this group, it is apparent that these perpetrators specifically target vulnerable minors. This group operates across servers and platforms designed for children, including **Discord, Minecraft and Roblox**, and social media sites such as Telegram.

Please see additional infographic sent out this week.

Request for old newspapers

Year 5 have a need for lots of old newspapers – please drop off in the office or directly to Ms Van.
